Just for the Record...

When the final decision to relocate Hope Post Office was published January 14, interrupting our protest Petition, I reported to you that we had approximately 1,000 signatures. This was an understatement.

The total was 1,255 — a majority of city votes in any Democratic primary, which sum ranges anywhere from 2,000 to the 2,521 rung up in the last gubernatorial primary. This was done in exactly six days of canvassing — and we were only half-way through when the General Services Administration lowered the boom.

Now the Petitions are in the newspaper vault. They are part and parcel of the history of our vanishing democracy.

No longer do the people of America have a voice in federal affairs by Petition to their duly-elected Congressman. Even the Congressman himself is silenced when the bureaucratic monster GSA speaks. "Whatever you say," declares the Monster, "all this was planned a year ago — and your protest is too late." Five thousand years ago Egypt's Pharaoh boomed: "So Be It Ordered — So Let It Be" — and the so-called leaders of a democracy pick up the Egyptian chant today.

Our free press is circumscribed and threatened, as is logical and to be expected, in democracy's sad retreat. For three years I headed a national committee which sought to preserve the right of a newspaper or its editor to spend reasonable amounts of money for purposes necessary to help out an editorial crusade. But the federal bureaucracy said: "No. You can talk — but you can't act." That is to say, The Star could fight the post office project on the printed page but it dared not spend a dime circulating a Petition without incurring a tax penalty. Our Press Committee to Eliminate Censorship by Taxation went down to defeat in Washington, 1 and 204 newspapers with me.

Washington is a far place — but this is the home town; you suddenly found out you needed a newspaper to plead the people's cause, and so you understand today what we were fighting for then.

Just for the record, the cost of circulating the Petition was \$119.50, and I picked up the tab personally as a non-deductible expense. That's how the cookie crumbles in this twilight of democracy.

An anonymous Hope citizen slipped me \$20 for the cause over my protest. My thanks, and no more will be accepted. But I'm warning him: He can't deduct his \$20 from income tax any more than I can take off the balance.

If bureaucrats had told our forerunners all this there would have been violence. But in these days heroes are for the history books — until our country finds itself in deep trouble.

My thanks during the past three weeks to the Hope city police and all the other friends of The Star who helped us out with voluntary news reporting. Managing Editor Paul H. Jones has been laid up with pneumonia, and old man Editor has been on the desk himself — writing local news, all the headlines, engraving pictures, and conducting a nation-wide campaign Mr. Jones expects to be back on the job next Monday, January 20 — and outside of a first-class fight that's the best news I know of.

Poll Tax Repealer Approaches

LITTLE ROCK (AP)—Arkansas' poll tax got another nudge towards oblivion Thursday.

The Maine Legislature became the 37th in the nation to ratify the proposed 24th amendment to the United States Constitution, which would ban making payment of a poll tax, or any other levy, to vote in elections for federal office.

The proposed amendment is expected to be passed by the South Dakota Legislature within a week giving it the necessary 38 ratifications for adoption. The Arizona Legislature also is in session and could approve the proposal, although no ratification bill has been introduced in the new session in Arizona.

The poll tax—once a common voting requirement — today is mandatory in only five states. They are Arkansas, Alabama, Mississippi, Texas and Virginia. The Arkansas Legislature has not acted on ratification of the proposal.

Warmer for Arkansas Is Forecast

By THE ASSOCIATED PRESS

Warmer weather came to Arkansas today, erasing cloudy threats of a winter storm that lingered over much of the state Thursday.

Temperatures were expected to rise to the 50s in most of Arkansas Saturday, with overnight lows in the 20s and teens.

There are also prospects for a mild weekend—something of a rarity since before last Christmas. The Weather Bureau said no precipitation was expected until early next week and that days would remain mild.

Overnight minimums were generally in the teens and 20s, with Gilbert possibly the coldest spot at 11 degrees.

Maximums Thursday were mostly in the 40s.

South Arkansas had braced Wednesday night for a snow storm that never came. And freezing rain or sleet that threatened the remainder of the state failed to materialize.

Hope Leads the Way

Editorial in Memphis Press Scimitar Jan. 14, 1964
What this country needs even worse than some decent weather is more people who practice what they preach. We suggest they might be organized as the Alex. Washburn Society.

Washburn, as editor and publisher of the Hope (Ark.) Star, circulation 3,302, favors federal economy. There's nothing unusual about that, but Washburn takes the highly unusual attitude that economy should begin at home.

The Post Office Department wants to build a new \$500,000 post office for Hope, population 8,399. Washburn opposes this editorially and is circulating a petition against it.

His reason: Hope doesn't need a new post office. The one it has is plenty good enough.

This is pretty radical thinking, in sharp contrast with the characteristic pitch which is: The government has got to quit this big spending and save some money, but go save it somewhere else. Don't pick on us!

Citizens committees will admit, privately, that proposed federal hand-outs for local improvements are extravagant, but everyone else is doing it and they have got to get their share.

What the country needs is a grass roots movement to follow the example set by Editor Washburn. It doesn't seem likely, but equally amazing things have happened in U.S. history. It could save billions.

Speakers' Table at Annual Chamber Banquet Thursday

U.S. Consul Freed on Zanzibar

WASHINGTON (AP)—The State Department received word today that U.S. Consul Frederick P. Picard III, seized at gunpoint Thursday in Zanzibar has been released and has reached Dar Es Salaam, Tanganyika.

By DENNIS NEEDLE

ZANZIBAR (AP)—Zanzibar's revolutionary regime kept a U.S. diplomat under house arrest today following his seizure at gunpoint during an argument with hot-tempered President Abeid Karume.

U.S. Consul Frederick P. Picard III was arrested in the lounge of a Zanzibar hotel Thursday night after Karume stormed in to denounce four American newsmen.

The newsmen were forbidden to leave the hotel. They were to leave the island today aboard the British survey ship Owen at the request of the U.S. State Department. The Owen is here to evacuate British residents.

A squad of revolutionists took the newsmen out of the hotel one at a time this morning and stood them against a wall—then took their photographs.

(In Washington, the State Department said Donald K. Petersen, third secretary at the U.S. Embassy, also was put under house arrest. Except for the two diplomats, all American residents of Zanzibar have been evacuated since the overthrow last Sunday of the Arab regime of the sultan of Zanzibar by African nationalists, the State Department added.)

Karume, who had just returned from Dar Es Salaam, where he asked for assistance from Tanganyika, denounced the United States for withholding aid.

6 Killed in Neosho, Mo., Accident

NEOSHO, Mo. (AP)—Two babies being taken to the hospital for their immunization shots by their mothers and grandmother.

A woman driving alone in a pickup truck, returning home to Anderson, Mo., after a trip to Webb City.

There were eight in the foreign car—women and girls. They had driven only three of the 10 miles from their homes near Goodman, Mo., toward the hospital in Neosho.

On a two-lane stretch of U.S. 71 the car and the pickup truck collided head-on. It was about 4 p.m. Thursday.

Six of the eight in the car died.

They were Mrs. Nicholas (Viola Mae) Jordan, 42 and three daughters — Mrs. Gerald (Willene) Gibson, 19; Laura M. Jordan, 4, and Viola Mae Jordan 8 months.

Mrs. Calvin (Judith Ann) Jordan, 18, daughter-in-law of the Nicholas Jordans; and Teresa Mae Jordan, 3 months, daughter of the Calvin Jordans.

Those who escaped death were Mrs. Gibson's two young daughters—Shirley, 3, and Sandra, 2 —and Mrs. Mason, 46, who was driving the pickup truck.

The girls had minor injuries. Mrs. Mason had a broken elbow and broken ribs.

President May Resign From Navy

WASHINGTON (AP)—President Johnson, a Navy veteran who won the Silver Star in World War II, is thinking about resigning his commission as a commander in the Naval Reserve. He was represented as thinking the rank might be interpreted as a conflict of interest with his position as commander-in-chief of all armed services.

Push Return of Tests of All Autos

LITTLE ROCK (AP)—Highway users asked the Legislative Council Thursday to lead the way to two traffic safety goals—a compulsory vehicle inspection law and a central driver registration agency.

No opposition was voiced to either proposal.

Rep. Bill Tucker of Hot Spring County urged the council to sponsor the inspection law, saying 21 states, including Texas, Louisiana and Mississippi, already have such a law.

A report by the council staff showed that Arkansas is the only state that does not maintain some kind of central agency for recording traffic violations and issuing licenses.

Rep. Raymond Mays of Cleveland County said a driver whose license is revoked in one county can go into another county and get a new one.

Highway users also said at the hearing, conducted by the council's Roads and Highways Committee, that adoption of a point system under which habitual traffic offenders can be taken off the roads would help reduce the accident toll.

The two-hour hearing also covered a proposal to finance State Police from general revenues.

None of the proposals will be voted on until the next council meeting, probably next month. Tucker said authorities in some states found 40 per cent of vehicles operating on the roads were in dangerous operating condition. He said Arkansas enacted an inspection law in 1937, but repealed it in 1939 after no funds were provided to administer it.

Frank Potter, manager of the Arkansas chapter of the American Automobile Association, backed the inspection proposal.

The council staff's report showed Arkansas is the only state which issues driver's licenses periodically (Jan. 1-31), while most states do it throughout the year, renewing licenses on the driver's birthday.

Arkla Plant Told C. of C.

By LEONARD ELLIS

Hope Chamber of Commerce held its annual banquet and membership meeting Thursday night at Hotel Barlow with a capacity crowd attending in which the theme of the meeting was "Let's Do More in '64'."

One of the highlights was the announcement by President Bill Gunter of a new industry locating at Arkla-Village at Emmet in which components of gas lights will be manufactured by Arkansas-Louisiana Gas Co. About 75 persons will be employed, Mr. Gunter said.

Principal speaker was Col. Carl C. Hinkle, new executive director of the AIDC and former Little Rock Air Force base commander. He was an All-American football center in 1937 at Vanderbilt University. He was introduced by Rep. Talbot Feild, Jr.

"I chose Arkansas in which to live the rest of my life," Col. Hinkle declared, "because Arkansas people have the guts to get ahead."

"The state has made rapid progress in recent years, but we still have a big job and a big challenge ahead of us in which to find new methods of attracting industrial plants."

I say this because 37 other states have copied our financial laws and are actively competing against us, so we must be prepared at all times. Here in Hope you have already adopted the six-point program, which is essential in luring new plants to your community.

"New industry looks for three major advantages. 1. An outlet for their finished products. 2. Availability of raw materials. 3. An adequate labor supply. And there are other considerations such as good recreational facilities, climate, central location for marketing, a good water supply transportation, education, churches and hospitals," Col. Hinkle declared.

Haskell Jones, retiring president of the C. of C., reviewed activities during the year of 1963 and said a total of 104 new jobs had been created, increasing the per capita wealth of the area.

Bill Gunter, new president, introduced the new directors and appealed for the interest and support of the entire town in making 1964 a good year. He then read a telegram from W. R. Stephens announcing the new industrial plant at Emmet.

Attorney James H. Pilkinton was master of ceremonies, introduced many out of town guests, and presented awards to the outgoing directors and retiring president Haskell Jones.

Dr. George Balentine, pastor of First Baptist Church, pronounced the invocation and also the benediction.

Television Taken From Laundromat

A television set and \$9 in cash were stolen from Moncar Laundromat, Inc., 311 E. Second St., between 10 and 12 o'clock Thursday night, Hope city police reported Friday.

Lumbago Attack Lays King Low

ATHENS (AP)—King Paul of Greece has been confined to bed in the Royal Palace with a severe attack of lumbago. A palace medical bulletin said the 63-year-old monarch will remain in bed for a few days.

Bullet May Have Effect of Surgery

AMARILLO, Tex. (AP)—Surgeons say a bullet fired by an Amarillo police officer, apparently in self-defense, may in the end have the same effect as a successful brain operation.

They have under close observation at Northwest Texas Hospital Fred Williams, 53, a former Arkansas State Hospital mental patient.

Williams was shot in the head last Friday by policeman Raymond Whitson after Williams allegedly drew a pistol on the officer.

A .38 caliber bullet struck Williams near the right temple, penetrated both frontal lobes of his brain and lodged in the left side of his skull. He was operated on Wednesday to remove the damaged part of his brain.

The surgeons say the effect may have been similar to a frontal lobotomy, an operation performed on the hopelessly insane to sever frontal lobes from the rest of the brain.

Such an operation normally calms a patient.

A doctor at the Amarillo hospital said Thursday this may have happened to Williams, although it will be several weeks before the full extent of Williams' condition can be determined.

The Potter County Grand Jury has indicted Williams for assault with intent to murder.

Records show Williams was committed to an Arkansas mental hospital in 1953.

Whitson and his partner found Williams and a hitchhiker asleep in Williams' car behind a service station.

The officer asked both to step from the car. Williams allegedly thrust a pistol against Whitson's stomach. Whitson slapped it away, dropped to the ground and shot Williams.

U.S., Panama Deadlock on Canal Issue

By ROBERT BERRELLEZ

PANAMA (AP)—Panama and the United States remained deadlocked today in their bitter dispute over the Panama Canal. Neither government budged an inch, but neither government did anything to make the situation worse.

High sources in American and Panamanian official quarters said there was a slight hope that some formula would be found to get the two governments together again.

Reports from Washington said U.S. diplomatic troubleshooters were working behind the scenes in the U.S. capital and in Panama.

Manuel Trucco of Chile, chairman of a U.S.-Panamanian committee established under the auspices of the Organization of American States, met Thursday with Panamanian President Roberto Chiari and Foreign Minister Galileo Solis.

Later Trucco reportedly met with Edwin M. Martin, the chief U.S. negotiator, in the effort to resolve the crisis.

Chiari made no move to carry out his threat to call his embassy staff home from Washington and demand the departure of U.S. diplomats from Panama. This would complete the rupture of diplomatic relations he broke last Friday during the violence along the Canal Zone in which 19 Panamanians and four U.S. soldiers were killed.

Official Panamanian sources had said Chiari would complete the break unless the United States agreed to negotiate a new treaty to replace the 1903 pact giving it perpetual control of the Canal Zone.

In Washington, the White House reaffirmed U.S. willingness to discuss all issues with Panama. But Secretary of State Dean Rusk told the Senate Foreign Relations Committee the United States would not do so "under pressure or threat of violence."

Rusk told newsmen his government would continue to work for a peaceful solution.

Here's Classic Collection of the Things Teen-Agers Are Tired of Hearing About

By HAL BOYLE

NEW YORK (AP)—Parental remarks that teen-agers get tired of hearing:

"Aren't you ever going to grow up?"

"I don't know why he acts like that. It couldn't be his adenoids. We had those taken out years ago."

"When I was your age, young man, I walked four miles to school every day—and carried my little brother on my back when he got tired."

"No, you can't have the car tonight — nor tomorrow night, nor the night after tomorrow night."

"If that's mascara, Sue, wipe it off this very minute. Who are you trying to look like—Theda Bara?"

"Henry, if you worried more about your geometry and less about your acne, you'd have a better chance of getting into some college."

"Oh, don't bother to get to your feet just because I come into the room, Henry. After all, I'm only your mother."

jealousy if you want one. All you have to do is go out and earn the money."

"Don't tell me you can do your home work and watch television at the same time. I know it can't be done."

"I didn't touch your razor. It was Henry. He thinks he's old enough to shave. Isn't that a scream?"

"Young lady, you're not going out with any idiot who sits outside in a car and hawks the horn like a crazy person. Tell him to come up and ring the doorbell like a human being."

"Sit down, son. Your mother —uh—thinks its time I told you a few facts—uh—about life. Now, to begin with—uh—"

"Don't do like I do. Do like I tell you!"

"Turn off that phonograph. Can't we ever have a little peace and quiet around here?"

"The thing I don't understand about teen-agers is what on earth they see in each other."

"No, indeed I'm not going to pay for any judo lessons for him. If he wants to learn judo, let him join the Marines."

France to Recognize Red China

WASHINGTON (AP)—France has formally notified the United States that it intends to recognize Red China, authoritative sources said today.

The notification came through a normal diplomatic channel. The issue was discussed by Secretary of State Dean Rusk and Herve Alphand, the French ambassador, when the latter called on Rusk earlier this month.

There has been no formal reply to the French notification so far, but Rusk and his top aides in talks with Alphand made it clear the United States takes an extremely dim view of France's intended action.

John Glenn to Run for U.S. Senate

COLUMBUS, Ohio (AP)—Lt. Col. John H. Glenn Jr. made the plunge from the space program to national politics today. He formally announced he is a Democratic candidate for U.S. senator from Ohio.

In a packed hotel ballroom, the first American to orbit the earth made his expected announcement to newsmen that he will oppose Sen. Stephen M. Young for the Democratic senatorial nomination in Ohio's primary election next May 5.

Glenn, 42-year-old native Ohioan who made his historic three-orbit trip just short of two years ago, on Feb. 20, 1962, said that as soon as possible he is resigning his commission from the Marine Corps.

Reds Watch Naval Drill in Jap Sea

By FRED S. HOFFMAN

WASHINGTON (AP) — Russian jet bombers and Soviet warships boldly snooped close to the US carrier Hornet and six destroyers during anti-submarine drills in the Sea of Japan early this month it was learned today.

The Russians were spotted by radar and kept under surveillance by Navy planes and ships. There were no hostile acts or demonstrations and no contact between the Americans and the Russians.

The Navy disclosed that several twin jet Soviet Badger bombers flew over the carrier task group in two flights—under the escort of US Navy jet fighters which intercepted them some distance away.

A Russian destroyer took up position about a mile from the 32,000-ton Hornet and stayed with the carrier and her de-

stroyer screen for almost two days.

In his report, the skipper of the Hornet complimented the Russian seamanship but complained that the destroyer belched too much smoke.

A Soviet missile-firing submarine loitered on the surface within eight miles of the American task group, which included the Hornet and the destroyers Keys, Walke, Larson, Carpenter, Renshaw and Radford.

A Russian trawler equipped for surveillance stood within 11 miles of the US carrier force. This all happened in international waters, the Navy said.

It did not give specifics on the location, but the incident reportedly occurred between the Japanese island of Hokkaido and the Asian mainland.

This would put the scene within a few hundred miles of the Russian port of Vladivostok and well within range of Soviet airfields in Siberia.

The last reported overflight of a US carrier by Russian planes occurred last June 4.

Chevrolet's new low-cost quality delivery truck!

This introduces you to Chevy-Van—our new economy delivery truck.

It has a low price tag, over 40 sq. ft. of completely usable flat floor 7½ ft. long, the engine up front, and a lot of quality features which make it a better buy. The body and frame-floor are welded together. The truck is strong, rigid, stable. Doors are double-wall construction.

Chevy-Van has unusual resistance to rust and corrosion. Especially vulnerable areas such as front stepwells are galvanized. Sealers are used at all critical joints inside

and out. Certain sections are treated with high-zinc-content primers; others with an aluminum-wax preservative.

The windshield is a big flat practical one-piece unit. The big 90-hp 4-cylinder standard engine is more powerful than some 6s, yet is remarkably economical. If you need more power, Chevy-Van offers a 120-hp six at extra cost. Side doors and rear windows also cost extra.

Last but not least, it's a Chevrolet. Which means that it is built to work for you a long time at minimum cost.

Telephone your Chevrolet dealer about Chevy-Van or any type of truck!

Miss Martha Jane Teffeller, daughter of Mr. and Mrs. W. D. Teffeller, and David Larry Bruce, son of the late Mr. and Mrs. M. C. Bruce, were united in marriage Wednesday, January 15 in the home of the officiating minister, the Rev. Joe Jones.

For the double-ring ceremony Miss Carolyn Byers was the bride's maid of honor and Steve Marlar served the bridegroom as best man.
After a trip to Little Rock, the newlyweds will be at home at 504½ South Edgewood in Hope.

Mrs. McDonald Honored with Dinner
Mrs. Walter McDonald of Little Rock, nee Margaret Simms of Hope, sister of the late Paul Simms, was honored with a dinner last week at the Little Rock Trinity Cathedral (Episcopal) dining room in recognition of her 25-year service as secretary to the late Bishop R. Bland Mitchell and the present Bishop, the Very Reverend Robert Brown, of the Episcopal Diocese of Arkansas.

Mrs. McDonald retired January 1 of this year, and at the surprise dinner in her honor she was presented a gift of silver and a love offering of money. Between 200 and 300 people attended, and they included Mr. and Mrs. W. F. Brooking, Mr. and Mrs. John Greene, and Mr. and Mrs. Louis Schneider, all Hope friends or classmates now residing in Little Rock.

Baker HD Club Meets
Mrs. Dale Tonnemaker was hostess to the Baker Home Demonstration Club Monday, January 13. Mrs. Jess Nusko, president, called the meeting to order and all joined in singing, "Onward Christian Soldiers."
After the hostess read Psalm 100 for the devotion, Mrs. Chloe Tittle led in prayer. Roll call was answered with a house-hold hint by 13 members. Reading of the minutes and treasurer report were given by Mrs. Ardell Clark.
Mrs. Bettie Duncan presented the lesson "Keys to Home Demonstration Work." The club

voted to help the band for their new year project.

Cookies, mints, coffee and hot chocolate was served by the hostess assisted by Mrs. Anna Low Roberts.

The Club Creed was repeated by all. The surprise package was won by Mrs. O. F. Lloyd.
The February meeting will meet at the home of Mrs. Merlin Cox.

WIFE WOULD TAKE SLOW BOAT TO CHINA

By Helen Worden Erskine

Dear Helen: My husband took the best years of my life—30 of them. While I sat home raising his three children he was out hitting it up high, wide and handsome, wearing nice clean shirts I washed, starched and ironed for some other woman to smear lipstick on them.

Being proud and independent, I never reproached him. Now that our children are grown, married and on their own, he realizes the error of his ways and wants to start anew! All I want to do is take a slow boat to China and never return. You

Fourche Cutoff Job Is Bid on

LITTLE ROCK (AP)—Souter Construction Co. of Little Rock was apparent low bidder Wednesday, at \$125,228, on construction of control structures for the Fourche Place Cutoff on the Arkansas River. Army engineers estimated cost of the work, five miles downstream from North Little Rock, at \$117,452.

The Canal Zone was reopened Thursday as the zone's military chief, Gen. Andrew P. O'Meara returned his soldiers to their camps after giving back control of the zone to Gov. Robert J. Fleming, Jr.

are probably thinking, "Well she did have three children by this man so she must have cared." It only takes once to become pregnant. Hard though it is to believe, our relationship was just once a year. True, I was in love when I married him but he has hurt me so deeply that I feel it will be impossible to continue living with him. The decision is up to me. I want to hurt him as he has hurt me. I know two wrongs don't make a right but that's how I feel.

After the travesty he has made of our marriage I can only come to one conclusion—that he never loved me. Yet he claims he does. If so, he doesn't know the meaning of love. I'm not a nagger, have always tried to be a good wife and mother and, though not a beauty, am fairly attractive with a good figure. I dress well. Still my husband has never in all our married life taken me out socially. I look in the mirror and ask myself, "Am I a freak?" Any advice you could offer through your column will be greatly appreciated. —Unwanted Wife

Dear Unwanted: Your desire for revenge is understandable but it won't get you anywhere. Having reared your children and done your duty by your husband, think of yourself for a change. List your assets and liabilities—physical, mental and financial, then do what is best for you. If you feel like

it, take that slow boat to somewhere. Begin a new life sans husband—if you can. Ah, there's the catch. Can you? I suspect you still love him, otherwise there would be no desire for revenge. If this is true, then take him back on one condition—that you be the only woman in his life from now on.

If he fails to keep his word, leave him forever, even though it all but kills you. Meanwhile, read my leaflet, "Marital Happiness." A stamped, self-addressed envelope will bring it to you.

Dear Helen: My fiancé is in the Navy on a long tour of duty. Being young (we're both just 19), I like gaiety, laughter and fun. Yet everytime I date another boy, friends stare in horror. For the love of God, don't people realize I'm human and too young to stick around home just knitting or reading? I've been faithful 14 long months now and am disgusted with these accusations. Why can't these meddlers mind their own business? —Confused Reader

Dear Confused: All that matters is that you and your sailor trust each other. If you don't, then neither he nor you have yet learned the true meaning of that word. My guess is you haven't, and, for that reason, wouldn't it be wise to call off the engagement until your fiancé's tour of duty ends? Ask yourself this question: It isn't the busy-bodies who are at fault, it's your own confusion brought on by being uncertain as to whether

or not you really love the boy.
Dear Helen: I go with a girl who likes to climb trees, scale stone walls and wear pants. Last week was the last straw. I took her to a party. She broke away and shinned up a tree while a bunch of us were on the steps talking. When I threatened to come after her, she only climbed higher. I like her a lot but just won't go out with her again unless she changes. We read you every day and respect your judgment. Maybe if you print this and your answer she'll see the column and realize I'm not kidding when I say I don't approve of her actions. We're both just 16.—Tree-Hater

Dear Tree-Hater: Some people are born exhibitionists and your tomboy is evidently one of them. I doubt you can change her. As she grows older she'll probably do something even more sensational, like bronchobusting or stunt flying. I suspect that the very things which you would now change attracted you to her in the first place. Have a care! "Love is not love which alters when it alteration finds."

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Hope Wire Products 100% For United Fund

Employees of Hope Wire Products pledged 100% for the United Fund as they have each year since beginning business here in 1959.

Last year employees gave \$286.50 to the United Fund and the company matched that amount as their gift. This represents approximately one day's pay from each employee

and that is what the United Fund is striving for.

LEFT TO RIGHT: JERRY J. WALSH, SPECIAL Educational Consultant; Mrs. Mel Redd, president of the Jaycettes; Mrs. Jack Reynard, and Mrs. Doyle Yocum.

Jerry J. Walsh, "Handicapped American of the Year", in Hope to discuss the problem of Arthritis, said today, "A pathy toward the problem of arthritis is a major problem and should be of concern to everyone". Walsh pointed out that apathy extends to the public, the physicians, and even the sufferers from the disease.

Mr. Walsh said an all-out effort must be made to educate the public regarding this serious problem. The Arkansas chapter will be conducting a state-wide education-fund-raising drive in March. Locally, this drive will be sponsored by the Hope Jaycettes. Mr. Walsh added that more than 116,000 people in Arkansas suffer from arthritis and more than 2½ million dollars is spent annually in the state for false or misleading remedies. While there is no cure for arthritis, much can be done to alleviate pain and prevent the crippling by a program of drug, physical therapy, and modern techniques of medicine.

Jerry Walsh, himself, is an example of what can be accomplished. Walsh was an all-state athlete in baseball and

Tough Bucks Face Bobcats Here Tonight

By CARTER HARDAGE
Hope Star Sports Writer

A big weekend for the Cats starts tonight in Jones Field House when Hope faces the second strongest team in the 4AA, the Smackover Buckaroos.

The Bucks are tied for first place in district ratings with a 2-0 record. Malvern, Hope's downfall of last Saturday night by 68-64, also holds the distinction of an unblemished scorecard in loop play, 2-0.

Smackover has one of their strongest teams to come along for quite a while. It is identical to last year's, only they have one more season's experience. They might be a little hot to handle Ronnie Speights is one of the top cookies in the District, fourth leading scorer.

Possibly the only measuring stick Hope has for the Bucks is their game with Magnolia. Smackover swamped them 67-37, but Hope dropped a non-league game to the Panthers 52-49 in their journey. But that was on Magnolia's court, while the Bucks played them in Smackover. Besides, we were undermanned by injuries when we lost to them.

One added attraction the fans of this area are sure to enjoy: A pep band. Those of you who went to Magnolia will remember what a swinger they can

turn out to be, and some local students have very graciously volunteered their services. So whether you are a music lover, or a sports fan, or maybe a little of both, come out and see some court action tonight.

Game time will be 7 p.m. for the first match of the evening, the Junior Boys. The senior game will begin a few minutes after 8.

Saturday night the Bobcats and the Bobkittens will journey to Camden for a twin bill. Junior game should be at 7.

Big Week for First 10 Teams

By TED MEIER

Associated Press Sports Writer

This is a crucial weekend in college basketball for UCLA, Michigan, Kentucky and Cincinnati, four of the teams in The Associated Press Top Ten.

How they fare will determine in large measure whether the Uclans, Wolverines, Wildcats and Bearcats will ride high, wide and handsome for the rest of the season or face virtual elimination from any chance of getting into the postseason NCAA championship tourney.

This is the situation: Unbeaten UCLA, No. 1 in the AP poll, opens a two-game series tonight against Stanford, the Bruins' closest competitor in the Big Six A UCLA sweep will give the Bruins a commanding lead. Two defeats will drop them out of first.

Once-beaten Michigan, third ranked plays host to Ohio State on Saturday in a vital Big Ten game. The Buckeyes were rated co-favorites with Michigan in preseason forecasts, and still are in the running for the Big Ten crown.

Kentucky, No. 4, zoomed to the top of the heap in December with 10 straight victories. Now the Wildcats MUST beat Tennessee Saturday or practically give up hope of winning the Southeastern Conference

Grid Loops Must Agree on Draft

SAN DIEGO, Calif. (AP)—The booming cost of hiring college rookies—for example, reputedly more than \$130,000 for three years for a guard—must surely lead to a common draft between the old National Football League and the now robust 5-year-old American League.

These were matters of major concern and hope Friday as the bosses of the AFL resumed their annual meeting.

The mutual draft was a key topic, but there will be no changes in the AFL line-up in 1964. Commissioner Joe Foss said there will be no expansion and no switching of cities by the eight clubs in the league.

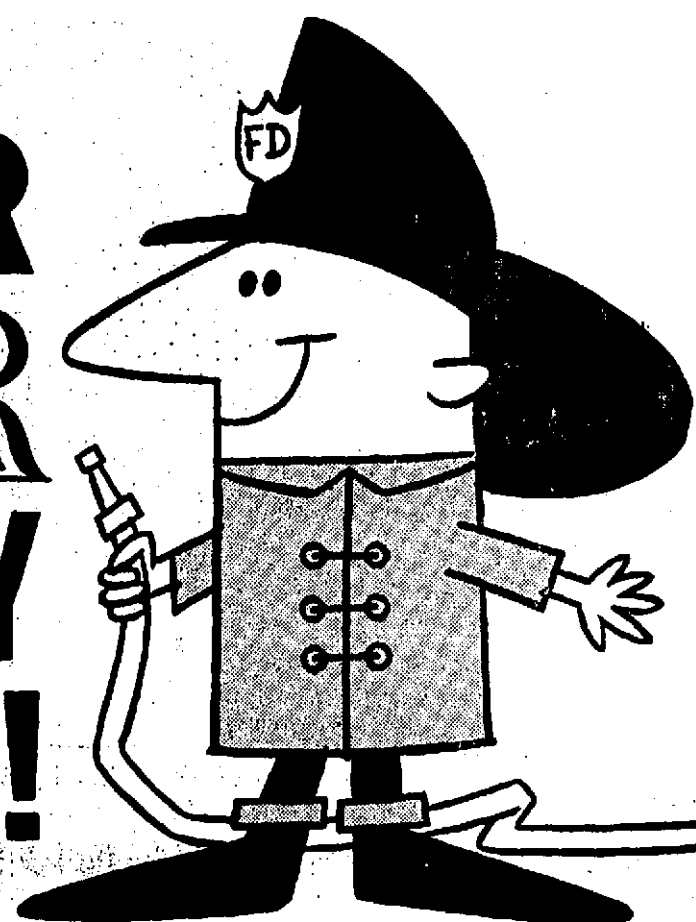

The Vols top the SEC at 3-0 and while Kentucky has a 12-2 record, both defeats were in SEC competition to put the Wildcats against the wall.

Cincinnati, No. 8, beaten by Bradley Wednesday, similarly must defeat Drake Saturday or see its hopes of again winning the Missouri Valley Conference diminish almost to the vanishing point.

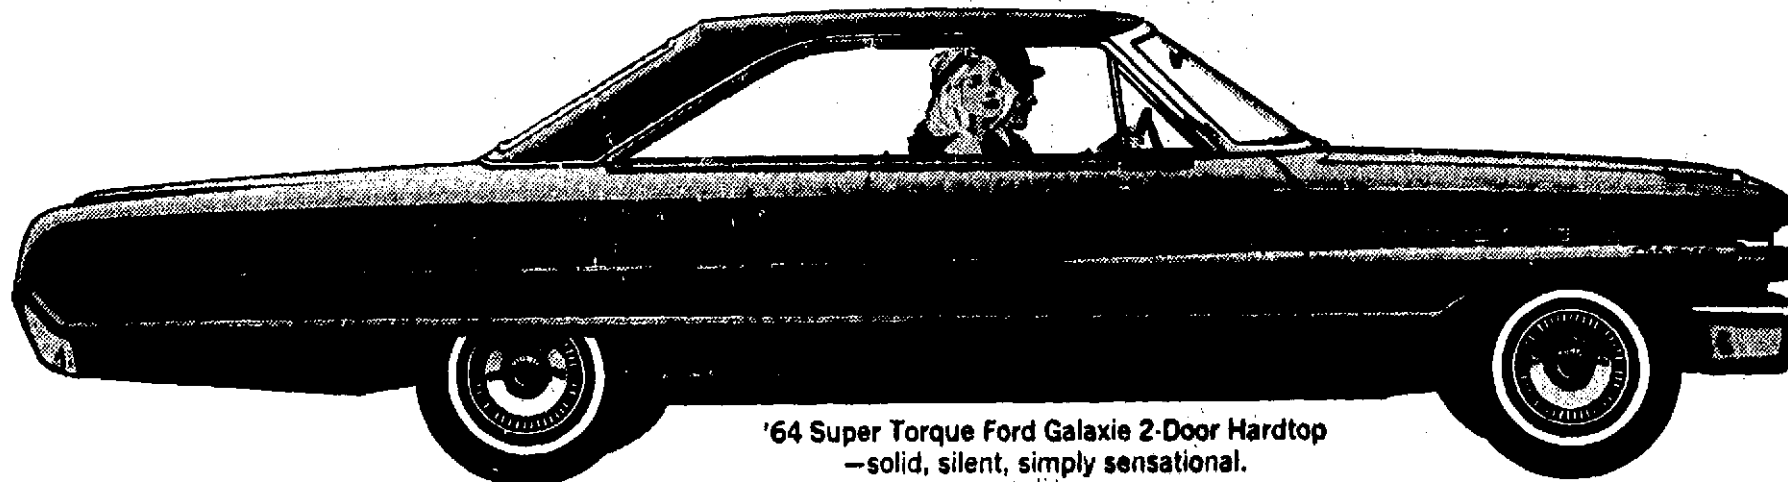

There wasn't much doing Thursday night as the lull for mid-year exams continued. None of Top Ten teams saw action.

In the few major games played Wyoming beat Arizona State 87-82, New Mexico downed Arizona 57-50, Florida State edged Memphis State 91-80 and Virginia Tech defeated William and Mary 73-66.
